

Join us for our first C.E. Webinar!

Dental Implant Maintenance

MAY 8TH, 2019 | 8:00 PM |  GoToMeeting

Attendees receive one C.E. Credit! AGD #690 Implant Maintenance

What is Implant Maintenance?

Are you helping keep your patients' implants healthy?

Join us for a fun and interactive discussion about implant maintenance! We will be discussing the care and treatment for both clinicians and also how to educate our patients on care for their implants.

Course Objectives

- What causes implant failure?
- What is the protocol for implant maintenance?
- Why do we treat implants differently than natural teeth?
- What's the difference of the environment of the tissues around an implant and of a natural tooth?

Presented by Diana Perez Corbin RDH

Diana graduated in 1982 from Allegany College of Maryland and continued her education with a Bachelor of Science from O'Hehir University with a degree in Oral Care Promotion. She is a member of the American Dental Hygienist Association in Virginia Dental Hygienist Association. In 2008 she was awarded the ADHA Hygiene Hero award and in 2007 from Sunstar America The Award of Distinction.

Meyer Clinic is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing dental education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or any other applicable regulatory authority, or AGD endorsement. The current term of approval extends from 11/15/2017 TO 11/14/20. Provider ID# 368324
